The most important thing in buying a diamond is knowledge. It takes an expert to know the fine points of cut, color and quality... and what gives a diamond its value. There's only one way to buy a diamond... and that is by coming to a jeweler you can trust.

As Michigan grows and prospers, life grows better for each generation. Consumers Power is growing, too, as it supplies ever greater amounts of electricity and natural gas to industry and people. Growth brings challenge. We must find new and better ways to perform our services. Nearly 11,000 men and women of Consumers Power enjoy meeting the challenge every day. *Come grow with us!*
