Presentation on Readings

Specific Requirements for Presentation

The presentation should be at approximately 15 minutes in length, but no longer than 20 minutes and include the following:

- **Use of audio-visuals and a video clip**
- **Research** - the team will turn in a reference sheet after the presentation or may be included as the last slide. There must be a minimum of two references (the textbook is not included as one of the two) that are current (no more than two years old).
- **An introduction of each team member**
- **Professionalism**
- **College appropriate presentation skills** (material will be “presented” or explained, not slides that are “read” to the audience, text on slides or other visual aid shall be only enough to organize material not so much as to make the presenters unnecessary).

Grading Criteria for Presentations

- **90 – 100%** Presentation meets all requirements in length and content; shows excellent understanding of the material, presentation is appropriate college level work.
- **80 – 89%** Presentation meets all requirements in length and content; shows a good understanding of the material, presentation is appropriate college level work.
- **70 – 79%** Presentation meets all requirements in length and content; shows some understanding of the material, presentation lacks the preparation necessary to demonstrate appropriate college level work, materials may be “read” instead of “presented”.
- **63 – 69%** Presentation meets bare minimum requirements in length and content; lacks some key understanding of the material.
- **0 – 62%** Presentation does not meet minimum requirements in length and content; OR shows little understanding of material.
