Creating a References page in NoodleTools

If you already have an account, sign in here.

Go here if you are using NoodleTools for the first time.
Click “New Project” to start a new References page.

To continue working on a previous project, choose it off the list.

Name your project and click “Submit.”
Click on "Sources" to start your References page.

Click on "Create new citation."
Choose how you accessed the source.

Choose the type of source you are citing.
Fill out the boxes that pertain to your source. You will not need every box.

The “APA Guide” shows you an example citation.

Boxes will pop up telling you how to format your text.
If you may have made a formatting error, a yellow caution triangle will appear. If you mouse-over the triangle, a “Suggestions” box will give you more information.

Once you’ve fill out every box you need, click “Submit.”
Click here to start a new citation.

Click here to export your References to Microsoft Word.

Here is your citation!
